PROJECT OVERVIEW
The Idaho Transportation Department (ITD) is preparing for construction on 2.5 miles of US-95 north of Winchester in Lewis County. The project will add a new southbound passing lane to improve safety and traffic flow. Nine aging metal culverts will be replaced with three-sided concrete box culverts to restore fish passage. Rock blasting and excavation will be required to accommodate the new passing lane. Construction is scheduled to begin in 2019 and last through 2020.

TRAFFIC IMPACTS
During most construction activities, one 11-foot-wide lane will be open in each direction. However, during rock blasting and cleanup, the highway will be completely closed for one to two hours at a time. The contractor will be restricted from blasting during the morning and late afternoon peak travel times, school bus times and holidays. Throughout the two seasons of construction the Idaho 511 Traveler Information report will be updated weekly to keep motorists informed of changes to traffic patterns and closure times.

For more information about this project, visit ITD’s website at www.itdprojects.org. Follow ITD on Twitter (@IdahoITD) or Facebook and check travel conditions at 511.idaho.gov or dial 5-1-1.

PUBLIC INPUT
ITD is interested in hearing how this project affects you and/or your organization. If you have any concerns about construction of the project, please contact the ITD Project Manager Curtis Arnzen via phone or email using the information listed below.
