

DONNELLY TO DEINHARD LANE

The project will address wear and tear along the ten mile stretch of highway between Donnelly and McCall. Work will include repairing cracks and potholes, placing a pavement overlay and adjusting approaches and driveways to match the height of the roadway.

WHAT TO EXPECT:

- Weekday single lane closures with pilot cars (Monday – Thursday)
- All lanes will be open on weekends
- Uneven road surface during construction
- Lower speed limit and 12-foot restrictions
